Education 2021"

FernstudiumCheck-Seal:  
"Study from home safely!"

# How do we approach Dyslexia?

## Attention Function Symptom - Method

A pedagogical-didactical training and support method for people with dyslexia and dyscalculia.

**A**

**stands for ATTENTION**

**F**

**stands for FUNCTION**

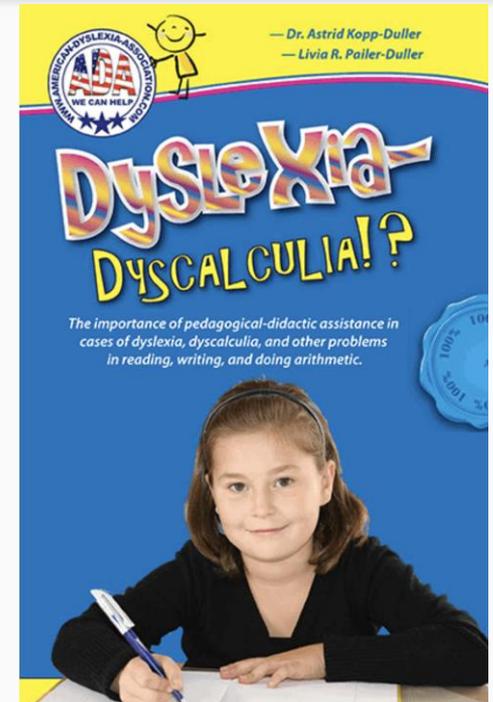

**S**

**stands for SYMPTOM**

# The AFS Method

The AFS Method has been designated as comprehensive because it provides targeted, individualized assistance in all areas in which dyslexic/dyscalculic people experience difficulty. The AFS Method also places a strong emphasis on multi-sensory learning.

Every child should be supported exactly where he or she needs assistance.

With a simple screening, the learning level of the child is determined.

From this, a diagnosis is obtained in a graphic representation.

## ACCESS FOR PARENTS

You can see at one glance where to start instruction.

Explanatory aids for parents, educators, tutors, and other specialists are included.

Our sophisticated software creates an individual training program with specifically chosen exercises.

# Learney.com

ACCESS FOR PARENTS

Depending on the results, the time required to complete the exercises is individually different.

After a few days/weeks, the personal learning level is determined again.

The screenshot shows the Learney.com website interface. At the top, the logo "Learney.com" is displayed in a blue, handwritten-style font. Below the logo is a navigation bar with "English", "Mathematics", and "Results" tabs. The main content area is titled "English" and includes a sub-header "Home > English". Below this, there is a descriptive paragraph: "English education from Kindergarten to 4th grade! Learney.com will help your child gain skills and confidence in elementary school English." The page features six pink cards, each representing a grade level and listing topics: Kindergarten (Alphabetical Order, Complete Sentence, Missing Vowels, Make a Sentence, Find the Same Word, Listening ...), GRADE 1 (Make a New Word, Plural Words, Was or Were, Articles: A, An, The, Noun or Not a Noun, Comprehension ...), GRADE 2 (Compound Words, There is, or Are, Prepositions, Vowel Digraphs, Homophones, Basic Contractions ...), GRADE 3 (Antonyms, Conjunctions, Rhyming Words, Adjective or Adverb!), GRADE 4 (Spelling Contractions, Cause and Effect, Comparative Suffixes, Unique Plural Words), and a partially visible GRADE 5 card. A yellow arrow points from the GRADE 4 card to the GRADE 5 card, which is marked with a "2" in a blue circle. A small cartoon character is visible in the bottom right corner of the screenshot.
